

# Ambassador Application

**What is CPN?** The Chaldean Professional Network is where young entrepreneurs, recent graduates, and experienced professionals come together. The committee goal is to lead, inspire, and mentor through networking events and educational forums with well-known business leaders and top CEOs.

An Ambassador acts as a representative and promoter of the Chaldean Professional Network and the Chaldean American Chamber of Commerce, supporting our efforts, sharing information about events and programs on social media and volunteering to help with events.
